ARS §11-1606 Application Process Notice Bottled Water Establishment Permit

Under ARS §11-1606 Mohave County is required to give you the following information when you apply for a bottled water establishment permit:

The following steps are required to obtain a bottled water establishment permit

NEW ESTABLISHMENTS

1. If your bottled water establishment has never been permitted before (you are the first owner), a plan review of the facility must be completed. The construction guide is available online or in any Environmental Health district office.
2. A plan review application (contained in the construction guide) must be filled out completely and turned in with the floor plan of the bottled water establishment and the applicable plan review fee. Test results from a licensed laboratory that has tested the bottled water according to the quality requirements for bottled water in 21 CFR 165.110(b) (2003), incorporated by reference, on file with the Department, including no future editions or amendments, and available at <http://www.gpoaccess.gov/cfr/index.html> and from U.S. Government Printing Office, 732 N. Capitol Street, N.W. Washington, D.C. 20401, must be included with the application.
3. A plan review will be conducted of the proposed facility.
4. A letter will be sent to you indicating approval or conditional approval of the plans.
5. Once the Environmental Health Division (EHD) reviews and approves the plan, construction may begin.
CONSTRUCTION MAY NOT BEGIN UNTIL THE PLAN REVIEW LETTER IS RECEIVED BY THE APPLICANT.
6. When construction is completed, EHD must be called and a final inspection scheduled with an inspector.
7. If the inspector approves the construction, your health permit may be obtained.

EXISTING ESTABLISHMENTS

1. If the bottled water establishment has been permitted before and **no changes** are proposed, you must request a "consultation inspection" with an inspector. This inspection fee must be paid prior to the inspection being conducted.
2. Should the inspector approve the opening of the bottled water establishment at the time of inspection, you may obtain the permit to operate.
3. A plan review may be required for existing facilities at the discretion of the EHD. Should you need to go through the plan review process, follow the steps above.

Applicable licensing time frames (in days): Time frames can be found in the Arizona Administrative Code, R9-8-204
