

SELECT Program

Special Education Learning Experiences for Competency in Teaching (**SELECT**) is sponsored by the [Arizona Department of Education](#) and offered through the [Institute for Human Development](#) at Northern Arizona University. SELECT courses are recommended for teachers, administrators, related-service personnel, paraeducators, and other interested individuals.

This program offers free access to graduate-level classes in the broad subject area of Special Education. Many educational professionals take our courses and use the professional growth certificates for salary advancement in their school districts and/or for recertification with the ADE Certification unit.

NAU runs 12 classes each Fall, Spring, and Summer semester. These classes are fully online with a work-at-your-own-pace format.
