HAPI was represented at the July Street Team Back to School Fair and the Mohave County Back to School Health Fair. Continued support and follow-up were provided for WIC staff and participants in between appointments for additional nutrition and referral support.

Due to summer break, school outreach and youth coalition activities were limited during the reporting period. As schools resume, participation and outreach opportunities are expected to increase in the coming months. Community outreach efforts focused on back-to-school events in Bullhead City, Kingman, and Lake Havasu City. With fewer school-based activities during the summer, staff were also able to expand provider outreach efforts throughout the month.

III. WOMEN/INFANTS/CHILDREN SUPPLEMENTAL FOOD PROGRAM (WIC)

Caseload	July 2025	July 2026	
Number of WIC food packages issued	3,676	3332+	↓
Average monthly participation	3,811	3401+	↓

Nutrition education and referrals are given to each participant every 3 months that they participate in WIC. We opened a Colorado City WIC clinic on March 3, 2025, to cover the increased clinic caseload. We had three staff members who vacated their positions whom we could not replace due to the government shut down. One temporary employee who was hired to assist with caseload numbers had to vacate her position in June 2026 due to her temporary status. We are currently in the process of hiring four staff to replace staff how have left their positions. We have hired two out of the four staff, and they are due to start on August 24th and on September 8th. All these factors continue to impact caseloads in the months to come. Increased outreach efforts include our new staff following up with referrals from the department of economic services and staff following up with monthly outreach efforts to community organizations. Program participation numbers finalized on 8/30/26.

IV. BREASTFEEDING PEER COUNSELING PROGRAM (BFPC)F

Number of contacts made	July 2025	July 2026	
Pregnant participants	no reports available	75	↑
Breastfeeding participants	no reports availabe	86	↑
TOTALS (includes postpartum non breastfeeding)	no reports available	164	↑
Number of participants avg per month	no reports available	108	↑

WIC caseload numbers have influenced breastfeeding peer counseling numbers. We expect an increase in Breastfeed Peer Counseling numbers with an increase in staff and staffing to follow up with reports that target non-participating pregnant and postpartum women.

2024

2025

Breastfeeding Initiation	77%	77%	
3 months breastfed	37%	40%	↑
6 months breastfed	28%	29%	↑
12 months breastfed	10%	13%	↓
18 months breastfed	8%	8%	↑

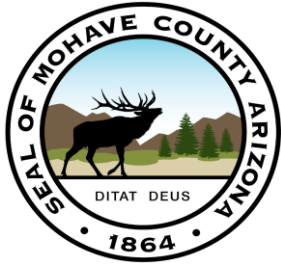

V. SENIOR NUTRITION PROGRAM

Congregate Meals	2128	2150	↑
Home Delivered Meals	3545	3937	↑
TOTALS	5673	6087	↑

WACOG has been adding more homebound meal participants. Improvements in the Senior programs such as renovation and increased program activities have attracted more congregate meal participants. The 501c3 non-profit group associated with the Lake Havasu City Senior programs has agreed to pay for meals for up to 90 days for those who have been released from the hospital and are unable to obtain or prepare their own meals.
