## GROUNDWATER SECTION INSTRUCTIONS FOR NOTICE OF TRANSFER FOR AN ON-SITE WASTEWATER TREATMENT FACILITY

### OVERVIEW OF REQUIREMENTS AND PROCESS

Any person selling or transferring ownership of a property served by an on-site wastewater treatment facility (includes a conventional septic tank system or alternative on-site wastewater treatment facility) must retain a qualified Inspector to inspect the facility within six months prior to transferring ownership of the property (Arizona Administrative Code, A.A.C. R18-9-A316). Typically, such an inspection is triggered by the resale of a home by the owner.

The requirement to have the on-site wastewater treatment facility (septic system) inspected within six months prior to property transfer is a provision of Arizona rule and takes precedence over any conflicting terms that may exist in any contract pertaining to the property transfer.

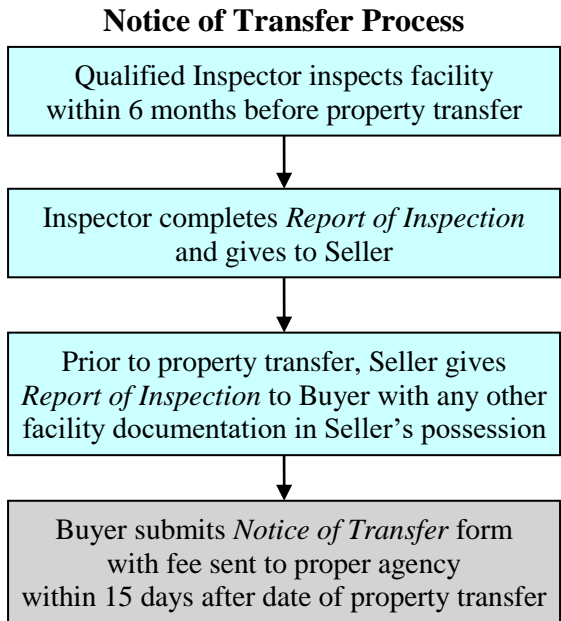

A person shall not use a Cesspool for sewage disposal (per Arizona Administrative Code, A.A.C. R18-9-A309(A)(4)). Do not use this form to transfer a Cesspool.

### WHAT IS REQUIRED TO TRANSFER OWNERSHIP OF MY ON-SITE FACILITY?

An inspector that is qualified under A.A.C. R18-9-A316, must complete a *Report of Inspection* form and provide it to the seller as required by the Code. Any significant amount of waste must also be pumped from each tank. If there is more than one on-site system in use on the property, the Inspector shall complete a *Report of Inspection (ROI)* form for each septic system.

Before the transfer date (closing date) of the property, the seller shall provide the buyer with the completed *Report of Inspection (ROI)* form and any other documents they may have in their possession that relate to the permitting or operation and maintenance of the septic systems or alternative on-site wastewater treatment facility. The ROI is valid for only 6 months.

Within 15 calendar days after the date of property transfer, the Buyer shall submit a completed *Notice of Transfer* form for the change of ownership and file the NOT with the proper agency indicated in the Filing Instructions, page ii.

A qualified inspector will have available a current ADEQ *Report of Inspection* form.

**FILING BY MAIL** For instructions to submit a *Notice of Transfer* in paper form and pay the fee by mail, see Page ii. Property buyers or anyone submitting the *Notice of Transfer* form on their behalf, are required to completely and accurately fill out the form to the best of their knowledge.

**FILING ONLINE** As of August 1, 2017, ADEQ has ONLY been accepting *Notice of Transfers* that are filed online. For further information and to begin, click here: <https://ptl.az.gov/app/own/home.xhtml>

## FILING INSTRUCTIONS

As of August 1, 2024, ADEQ's fee for a *Notice of Transfer* is \$70.00 per parcel regardless of the number of septic systems on the property. An ONLINE *Notice of Transfer* must be completed for each individual parcel and will include the required information for one or more treatment facilities (septic systems) if located on the same parcel. A separate \$70.00 transfer fee must be submitted to ADEQ for each separate parcel if a septic system is located on two separate properties. The *Report of Inspection (ROI)* form is not required for submission to ADEQ.

If the electronic Notice of Transfer form is not completed accurately, then the form will automatically be rejected in ADEQ's system. A check payment received by ADEQ that is payable to a county agency, will automatically be returned by mail to the Corporate Office or to the individual customer that submitted the transfer fee.

## FILING A NOTICE OF TRANSFER BY PAPER FORM

As of August 1, 2017, ADEQ discontinued processing ALL PAPER *Notice of Transfer (NOT)* forms and will only accept them if they are filed electronically at <https://ptl.az.gov/app/own/home.xhtml>. If you would like to complete a *Notice of Transfer* paper form, **the transfer fee payment and NOT paper form must be filed and mailed to the appropriate county agency at the address listed on Page iv.**
